Hello Insurance Coordinators!

Spring is upon us and we will conduct our annual spring training for the Kentucky Employees' Health Plan very soon!

There are many processing changes and guidelines that you, as an Insurance Coordinator, will need to know to administer health insurance effectively for your employees.

This year we will conduct seven training seminars across the Commonwealth of Kentucky during the months of April and May. Since training is going to primarily focus on processing changes and guidelines, all locations will be available to all agencies.

The training schedule is located on the left. Please print off the attached registration form and fax to Lynn Jones at 502-564-5278. The deadline for registration is April 15th at 4:00p.m.

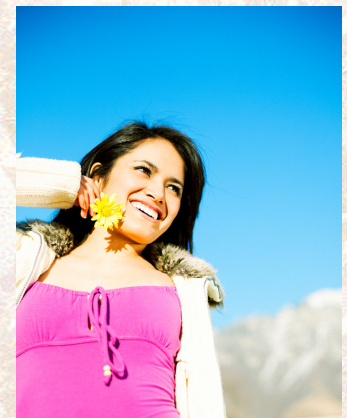

In the event you are unable to attend training at one of the locations, you will have an opportunity to view the training online after the conclusion of the last training seminar.

As always, we welcome suggestions and feedback to make your training experience a positive one. We are investigating a pilot program to conduct training online in the near future and hope to have this available for Open Enrollment 2011.

If you have ideas or changes that you would like to suggest for future trainings, please feel free to email me at Lynn.Jones2@ky.gov.

I look forward to seeing you at training!
